MARBELIZED IRON MANTELS. THIS magnificent style of Mantel is fast taking the place of all other descriptions, both on account of its superior behuty, richness, durability, and particularly its cheapness. While their cost is only about half that of the real marble, they indeed exceed the former in heauty, have a superior lustro, are less liable to soll, are much easier kept clean, and far exceed myrble in durability, and are, at the same time, less liable to break. The undersigned are arents for the manufacturers, Walisce, Lithgow & Co., Louisville, Ky., and will furnish them
to their patrons, and the public generally, with grades, summer pieces, and every thing complete; and will also superintend their putting up.

FOR ALL THE PURPOSES OF A

FAMILY PHYSIC.

THERE has long existed a public demand for an

effective purgative pill which could be relied on as sure and perfectly safe in its operation. This has

been prepared to meet that demand, and an exten-

sive trial of its virtues has conclusively shown with

what success it accomplishes the purpose designed. It is easy to make a physical pill, but not easy to make the best of all pills—one which should have

every other. This has been attempted here, and with what success we would respectfully submit to

the public decision. It has been unfortunate for

the patient hitherto that almost every purgative

medicine is acrimonious and irritating to the bow-

els. This is not. Many of them produce so much

griping pain and revulsion in the system as to more

than counterbalance the good to be derived from

them. These pills produce no irritation or pain

unless it arise from a previously existing obstruc-tion or derangement in the bowels. Being purely

vegetable, no harm can arise from their use in any

quantity; but it is better that any medicine should

be taken judiciously. Minute directions for their

use in the several diseases to which they are ap-

plicable are given on the box. Among the com-

plaints which have been speedily cured by them, we may mention Liver Complaint, in its various forms

of Jaundice, Indigestion, Languer and Loss of Ap-

etite, Listlessness, Irritability, Bilious Headache,

Billous Fever, Fever and Ague, Pain in the Side

and Loins; for, in truth, all these are but the con-

sequence of diseased action in the liver. As an

perient they afford prompt and sure relief in Cos-iveness, Piles, Colic, Dysentery, Humors, Scrof-

ula and Scurvy, Colds with soreness of the body,

Ulcers and impurity of the blood; in short, any

They have also produced some singularly suc-

Erysipelas, Palpitation of the Heart, Pains in the

Back, Stomach, and Side. They should be freely

taken in the spring of the year, to purify the blood

and prepare the system for the change of seasons.

An occasional dose stimulates the stomach and

bowels into healthy action, and restores the appe-

tite and vigor. They purify the blood, and, by their

stimulant action on the circulatory system, reno

vate the strength of the body, and restore the

wasted or diseased energies of the whole organism.

Hence an occasional dose is advantageous, even

though no serious derangement exists; but un-

necessary dosing should never be carried too far,

as every purgative medicine reduces the strength, when taken to excess. The thousand cases in which

a physic is required cannot be enumerated here, but

body; and it is confidently believed this pill will

answer a better purpose than any thing which has hitherto been available to mankind. When their

rirtues are once known, the public will no longer

aleasant to take, and being purely vegetable, no
